

The Charltons Parish Council
Community Infrastructure Levy (CIL)

New house building developments in the Parish are subject to the CIL 15% of which can be used by the Parish Council to support improvements to the local area to fund:

- a) The provision, improvement, replacement, operation, and maintenance of infrastructure or.
- b) Anything else that is concerned with addressing the demands that the development places on an area.

Spending Priorities for the Charltons.

Physical Infrastructure.

Maintain and improve the existing footpaths in the Parish to make them more accessible and inclusive for users. Support improvements to the Local Transport Infrastructure with particular emphasis on improving road safety for both pedestrian and vehicles. Improve and maintain Community Facilities to meet the needs of a growing community due to additional housing developments within the Parish.

Social Infrastructure

Support the expansion of Education, Health, and Youth Services within the Parish to continue catering for the needs of a growing community.

Green Infrastructure

Maintain the green spaces within the Parish and improve access and inclusivity to those spaces.

These priorities were identified from the results of a consultation with residents conducted by the Parish Council. While these are the present priorities, it is accepted that additional requirements could be added in the future. It is also envisaged that the CIL funding will be spread across a range of different priorities to benefit as many Parishioners as possible.
